

Tender & Contract Disclosure Information

Procurement Details

The Commuter Car Park Program (CCPP) requires significant levels of technical management resources to ensure a successful delivery of the program.

Consistent with TIDC policy and procedures, approval was sought on this occasion to undertake a Request for Proposals procurement process, to avoid unacceptable delays in obtaining the required Technical Manager resources.

TIDC issued a Request for Proposal to eleven firms known to be able to provide suitably skilled and experienced Technical Managers. The submitted proposals were assessed based on the experience and suitability of nominated personnel, availability and market competitiveness of price.
